MEMORANDUM

(April 14, 2022)

To: S-K-F CSD Board of Directors
From: Veronica Cazares, Interim General Manager
Date Prepared: March 18, 2022
SUBJECT: Fiscal Year 2022-23 Draft Budget First Presentation (Version 4-14-22)

Agenda Item: 6-C
Action: Motion

BUDGET MESSAGE

Enclosed is the draft budget for fiscal year (FY) 2022-23, version 4-14-22. The budget proposes to increase the rate from \$498.93 to \$515.95 per year for Selma, from \$466.93 to \$481.95 per year for Kingsburg and from \$482.93 to \$497.95 per year for Fowler for each equivalent single family residence (ESFR), which was approved by the Board on July 11, 2019. The sewer rate increases are necessary due to increased costs of repair, refurbishment & replacement of facilities & equipment; services & supplies; salaries & benefits; labor costs; and a reduction in usage of the plant by industrial dischargers. The per year increases are shown below.

ESFR Annual Unit Cost Breakdown is as follows:

Operation and Maintenance Service Charge	\$359.83 per year
District Refurbishment and Replacement	<u>\$84.12 per year</u>
Sub-Total	\$443.95 per year
Selma Refurbishment and Replacement	\$72.00 per year
Kingsburg Refurbishment and Replacement	\$38.00 per year
Fowler Refurbishment and Replacement	\$54.00 per year
Selma Total Annual Sewer Service Charge	\$515.95 per year
Kingsburg Total Annual Sewer Service Charge	\$481.95 per year
Fowler Total Annual Sewer Service Charge	\$497.95 per year

All users pay the same rates per gallon of wastewater, per pound of suspended solids (SS) and per pound of biochemical oxygen demand (BOD), whether the users are industrial, commercial, institutional, multi-residential or single family residence.

Staff recommends an annual budget transfer for FY 2022-23 of \$2,840,922 from the O&M fund to the R&R fund and \$231,602 from District Expansion fund to the R&R fund.

REVIEW OF BUDGET PAGES

In table format, pages 3 to 9 summarize the activities of each of the District functions. Summaries 1 through 6 itemize the beginning balance, revenues, expenditures, transfers and ending balance. All functions are summarized on page 3.

The District pump stations are approximately 50 years old and require refurbishment and expansion. The treatment plant is over 50 years old and requires various refurbishments. Some projects may carry through to subsequent fiscal years.

Cities' Collection Systems Capital R&R reserves are carried in the sub-function accounting for each city for emergency or miscellaneous repairs to the cities' sewer systems and for refurbishment and replacement of aging equipment and facilities.

The cash reserve in the O&M function ends the year at \$3,949,256, which is within the O&M reserve policy of 50% of annual O&M expenses at the end of the year.

The staffing level will be at 32 full-time employees. The Organizational Chart on page 10 shows the lines of responsibility and reporting.

Services and Supplies Expenditures on page 15 shows divisional detail for services & supplies expenditures. The Pretreatment Program Cost Allocation on page 16 shows resources allocated to the federal pretreatment program.

The District's Chart of Accounts on pages 19 to 24 shows in detail the types of expenditures that are budgeted under each account number.

Table 10 of the current Capital Improvement Program is on page 25 and shows the repair and maintenance project schedule from the O&M fund.

BACKGROUND

The proposed increase in sewer rates for the District's Capital Refurbishment & Replacement fund and General Operation & Maintenance fund and are necessary due to increased costs of repair; refurbishment and replacement of aging equipment and facilities; services and supplies; salaries and benefits; labor costs; and a reduction in usage of the plant by industrial dischargers.

The proposed increases for the Cities' R&R sewer rates are necessary due to increased cost of repair, refurbishment and replacement of aging equipment and facilities in the collection system, and are substantiated in the Capital Improvement Program, Sewer System Management Plan assessments and District's 2016 Collection System Master Plan update.
